What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. AT THE BANNER WAREHOUSE.

Industrial Exhibit and Trades Display Attracting the Crowds.

The industrial exhibit and trades display in the Banner Warehouse is attracting the attention of visitors more perhaps than any other feature of the tournament. The warehouse is crowded almost continually from the time the doors are opened till they are closed, and a solid mass of humanity passes around the aisle.

The place is now one of the most attractive in the city, nearly every firm in town having one or more beautifully decorated booths.

Entering the door one passes West's refreshment stand and finds directly in front of him the pretty booth of Howard Gardner. Next comes M. G. Newell & Co. with a large display of buggies and farm implements, while just opposite them McClamroch Bros. have a display of fire place goods. Next is the neatly arranged array of dry goods by the Sample Brown Mercantile Co. The Odell hardware Co. follow them with a handsome array of mantels, stoves, shooting irons and plumbing supplies. Opposite them John B. Wright has two pianos, on one of which Miss Lizzie Crocker makes music. The Fishblate-Katz Co. display clothing and gents' furnishings. Passing the band stand one finds himself in front of the four spaces occupied by the J. Van Lindley Nursery Co. Here the beautiful arrangement of fruits and flowers makes a veritable feast to the eye, and if one follows the dictates of his appetite, a feast for the inner man as well.

But lack of space makes it impossible to mention all the displays separately, so we confine ourselves to the most interesting. The Southern Tobacco Co. has one of the most creditable exhibits to be seen. Everything is made of tobacco and some of the articles are as original as they are novel. The company's "Juicy Fruit" brand of chewing tobacco is represented by a large basket filled with grapes and other fruit, the entire outfit being made of tobacco.

The Jamestown Shoe Co. manufacture hand made shoes while you wait.

The Hunter Manufacturing & Commission Co. have machinery there for the manufacture of pants and overalls and some industrious young ladies make the apparel on short notice.

The George Manufacturing Co. advertise their business by making socks with the most improved machinery.

The Cone Export & Commission Co. have an interesting display of cotton goods manufactured by the companies for which they are selling agents

The Proximity Manufacturing Co. operate a loom in their booth.

Others having creditable exhibits are:

W. J. Ridge, furniture; Globe Furniture Co., High Point, furniture; C. O. Forbis, furniture; The Greensboro Steam Laundry; C. M. Vanstory & Co., clothing; Will H. Matthews & Co.; The Berger-Wood Tobacco Co; Wharton Bros., books and stationery; J. W. Scott & Co., dry goods; Harry & Bulk Bros., dry goods; Empire Steel and Iron Works; Greensboro Furniture Co. and John B. Farriss.

The last named has a beautiful display of toilet and fancy articles and a lovely young lady presides over the booth.

J. Ed Albright is represented by the revolving fans over the aisles in the warehouse, which were put up by him.

The young people's societies of the city have a lovely and inviting place for the accommodation of those who wish to rest.

The Eagle Dramatic Club in "Captain Dick" Tonight.

Tonight at the Academy occurs the production of "Captain Dick," by the Eagle Dramatic Club, of Eagle Hose Co., No. 7. The cast and the entertainment are so well remembered in Greensboro and so well known throughout the state that no special commendation is necessary. The Centenary M. E. Church will benefit through the proceeds. The Gate City band and the Greensboro orchestra will assist. There is no doubt of the features, music and all, being there, as arrangements were perfected to that effect weeks ago. Reserved seats can be had at John B. Farriss' drug store during the day, and at the academy box office at night The performance will conclude in time to attend the reception.

Mr. Thomas Rankin Dead.

Mr. Thomas Rankin died last night at his home on Douglas street.

He was stricken about a year ago with paralysis, from which he never recovered. Mr. Rankin was a highly respected citizen and his death removes another of Greensboro's oldest citizens. He was the father of Mrs. Myron G. Newell, of this city.

The funeral will be conducted tomorrow morning at 9 o'clock, from Westminster Presbyterian church, of which Mr. Rankin was a faithful member. The remains will be interred in Greene Hill.

"That last poem I ate," said the billy goat, "has given me an awful pain." "Ha!" exclaimed his mate; "why, you've got writers' cramp."

SURGING HUMAN THRONGS

Crowd the "City of Flowers" on This Gala Occasion.

THE IMPOSING STREET PARADE.

Next Meeting of Firemen to be in Wilmington—Close of the Association's Business Sessions.

Greensboro's gala week is on now in earnest.

Today opened up fair and bright and all the early trains came in literally packed with humanity. They kept coming by all manner of conveyance until by nine o'clock, the time set for the parade to move, there was hardly more than standing room on the streets. Many who have been attending firemen's tournaments ever since the association was organized here eleven years ago, say without exception or reservation that this is the biggest thing of the kind ever held in the state, and by far the most largely attended.

The crowd here is estimated to be even larger than when Bryan spoke here and that has heretofore been the "high water mark." It is as handsome as ever congregated in any city.

THE STREET PARADE.

As is usual where there is such a mass of humanity to handle, the parade was a little late in starting. Instead of moving at nine o'clock as was intended, the parade did not start until 9:55 But such a parade! It's equal for beauty and elegance has never been seen in the Tarheel state. The floats were unusually elaborate and costly, yet wonderfully neat and in good taste. Each one deserves a special write-up "all to itself" but there were so many that this is not possible in a single edition of the paper.

The various fire departments cut no small figure in the parade display. Dressed in spendid uniforms with their shining apparatus, engines, hose wagons, reels and trucks, all in line, they made an exceedingly imposing and attractive feature of the parade.

The whole moving body, including bands, floats, firemen and apparatus, citizens and guests in carriages, was a mile and a half long. Starting on Summit avenue, the procession moved to Church street, thence down that street to Davie, down Davie to East Market, up to South Elm, down South Elm to Fayetteville, thence to Asheboro, out Asheboro to McCulloch, back Asheboro and Fayetteville to Davie, thence over that street to East Washington, thence over Forbis, East Market, North Elm, West Gaston, North Spring and West Market.

It was a long route, and the day was extremely hot, but most of the "starters" stuck to it till the finish, some of the hand reel teams dropping out on account of the heat.

The Gate City, First Regiment and the Durham bands made excellent music, the sidewalks all along the way were lined with people, every window was full of pretty women and children and flags and handkerchiefs were waving constantly, so that there was not a dull or uninteresting moment.

We cannot pass this event without specially commending those public-spirited citizens who prepared such magnificent floats. Those of the Southside Hose Co., Eagle Hose Co, the graded schools, Steamer Co. number 1, State Normal and Industrial College, Daily Record, the various floats of pretty and unique design by the Pomona Terra Cotta Co. and J. Van Lindley Nursery Co., the Odell Hardware Co, and others, were particularly attractive.

For such hot weather the enthusiasm manifested was great, and many visitors was heard to exclaim in tones which indicated genuine admiration: "This beats anything I have ever seen." So it is with many people in Greeensboro. You didn't know it was in the old town, did you? Wilmington will have to look to her laurels next year. A big job is on our hands. Even hustling Charlotte is taking notes. A prominent citizen of that city looked at the parade and jotted down some data, which he said would be of service in getting up the next twentieth of May celebration in the Queen City.

Below we give the closing deliberations of the State Firemen's Association at the court house last night.

NIGHT SESSION.

The convention was called to order by President McNeill.

Under the head of miscellaneous business the questions under discussion at the evening session were called.

The finance committee reported that they had examined the reports of the secretary and treasurer, and the same were approved.

Mr. Campbell, of Charlotte, asked the permission of the convention to make a proposition. He was granted the floor and stated that he would be very glad if the rules were so amended that superintendents of water works might become members of the association, showing some of the advantages to be derived therefrom.

A motion that the rules be so amended was introduced in writing, as follows:

That Art. III, Sec. 1, of the constitution hereby be amended to read as follows: "That the members of this association shall consist of the several chiefs and assistant chiefs of fire departments, fire marshals, superintendents of fire alarms, telegraphs and water works systems." Carried.

The reports of volunteer fire organizations were then called for and verbal reports were made by the following companies:

Concord Hose and Reel Co.

Steamer Fire Engine Co., No. 1, Greensboro.

Hook & Ladder Co., No. 1, Greensboro.

Southside Hose Co., No. 4, Greensboro.

Eagle Hose Co., No. 7, Greensboro.

Hook & Ladder Co., No. 1, Winston.

West End Hose Co., No. 5, Greensboro.

Fire Co, No. 1, Spencer.

Salisbury Hook & Ladder Co., No. 1.

All of these reports showed a vast improvement over what they have been heretofore.

Report of committee on revision of tournament rules was made. It provided for a number of changes in the rules. Some of the proposed changes provoked a little discussion. The report, however, was adopted.

The committee on change of programme reported. This provoked considerable discussion between President McNeill (who took the floor, yielding the chair to the First Vice-President Stone) and Chief J. Henry Phipps. Mr. Daniel, of Newbern, chairman of the committee, stated the reasons for suggesting the change. A compromise was reached through a proposition by Mr. R. D. Douglas, which is printed elsewhere.

ELECTION OF OFFICERS.

Further routine business was transacted and the election of officers was taken up, and President McNeill was elected by acclamation, amid great applause.

H. L. Riggans was elected first vice-president.

Second vice-president, R. D. Douglas.

Secretary: Dr. J. W. Griffith and E. L. Clarke were placed in nomination. Griffith received 44 votes; Clarke 39. Griffith declared elected.

Treasurer: T. A. Green was re-elected by acclamation.

Statistician: Mr. L. J. Taylor, Capt. W. P. Monroe, C. H. Sink, were placed in nomination. After three ballots, Capt. W. P. Monroe was declared elected.

Wilmington and Charlotte were placed in nomination as places for the next meeting. Wilmington received 46 votes and Charlotte 26. Therefore the next meeting will be held in Wilmington.

A most pleasant feature was the presence of Mr. C. H. Campbell, superintendent of Charlotte waterworks, who, under the new rules, was admitted to membership in the association. He made a pretty speech in inviting the association to hold its next meeting in Charlotte. But Wilmington won.

THE STEAMER CONTEST.

Newbern won the quick steaming contest prize on Summit avenue this afternoon. There were four entries in this contest. Newbern's time was 2 minutes and 55 seconds. Wins on one second, time 3:55; Goldsboro third, time 4:2; Greensboro's time 4:05.

In the long distance contest Winston and Goldsboro were the entries. Winston won, throwing water 282 feet 9 inches. Goldsboro about 250 feet.

THE FEVER WILL SPREAD

The Quarantine Against Hampton, Old Point and Newport News Strickter Than Ever.

By Wire to the TELEGRAM.

Norfolk, August 2—There have been no yellow fever cases and no suspicious cases discovered outside of the soldiers' home and Phœbus. The exodus from this city continues. Boats and trains are crowded with refugees. All sorts of wild rumors are afloat. The statement that the fever is at other places than Hampton is absolutely groundless. The quarantine against Hampton, Old Point and Neport News is stricter than ever. Mails now come via Richmond.

FEVER WILL SPREAD.

Washington, August 2—Surgeon General Sternberg predicts that the fever will extend beyond Phoebus but he is in doubt whether it will reach No folk and northern cities.

THE GOOD ROADS CONGRESS.

Guilford County Good Roads League Organized.

At 2 o'clock yesterday the good roads congress met at the Lindsay street graded school chapel.

J. Van Lindley, of Pomona, acted as chairman. He called upon Mr. D. P. Hutchison, of Charlotte, to address the meeting on what Mecklenburg county is doing in road improvement. Mr. Hutchinson warned the people of Guilford against making certain mistakes which had been made in Mecklenburg.

He called attention to the importance of steam rollers in preference to horse rollers. The latter are too light. In the one case you get a pressure of 600 pounds per square foot; in the other 65 pounds per square foot. He also urged the importance of broad tires. The broad tire, he said, adds greatly to the life of a macadam road. He advocated borrowing money with which to build roads.

Prof. J. M. Bandy being called for, addressed the meeting along the line of the value and necessity of road improvement.

From statistics, he showed by a strong argument that it cost the farmers of this county 25 cents per ton per mile to market their produce.

He made a strong argument in favor of a bond issue of $300,000 for Guilford county with which to improve roads. The county now pays $8,000 to do that which is not permanent. By paying $4,000 more, $12,000 on $300,000, work of permanent road building could be begun and carried forward rapidly, and the farmer thus get the benefits at once.

Prof. Holmes addressed the meeting largely along the line of permanent improvement. He contrasted the present mud tax to the tax to build permanent roads. He showed how much more profitable would be the investment made in permanent road building than to continue the present mud and hill tax.

After the above mentioned address, Mr. Van Lindley called the attention of the meeting to the need of a permanent good roads society in Guilford county, and a motion to organize such a society was unanimously adopted. Guilford County Good Roads League was then organized, With J. Van Lindley as president, S. S. King as secretary, and an executive committee of these two and one additional member from each township in the county.

By Wire to THE TELEGRAM.

Auburn, N Y., August 2—Oscar E. Ryce, of Westfield, Chatauqua county, and John Kennedy, of Buffalo, were electrocuted this morning. Both were executed within twenty minutes.

American Congressman Robbed.

Brussels, August 2—Congressman Lovering, of Taunton, Mass., was robbed at the railway station at Ostend today of twelve thousand dollars in drafts, checks and cash.

One of the Best.

The Greensboro Telegram has just started upon its third year. It is one of the best afternoon papers in the state, published in one of the best towns. We are glad to note its prosperity.—Charlotte News.

Its a good idea for the fellow who wants an opportunity to display his vocalistic ability to enter a church choir, because he'll get plenty of chants there.

AN INTERESTING PLAY.

Presented Last Night at the Academy of Music.

"The Diplomats" was presented last night to a packed house at the Academy of Music by the Greensboro Dramatic Club.

The cast, which was composed wholly of city talent with the exception of Mr. Bassett Willard, was unusually strong for amateurs, being marked by high intelligence and almost professional skill. We haven't space today to enter upon an extended critique of the play which was just sufficiently interesting to require the best histrionic efforts of the players, and they each and all demonstrated that power to please which is rarely seen in artists with so little training.

Mr. Clarence Brown, who played perhaps the more difficult role, did exceptionally well and sustained his reputation easily as an able actor.

Miss Lilian Staples, the leading lady, as "Gloriana," is a young woman of remarkable beauty and intelligence, and her rendition showed the correct taste and faultless interpretation. She moved about the footlights with sylph-like grace, and was much admired by the audience.

Miss Nettie Sloan and Miss May Small are both handsome and talented young ladies and played their parts very nicely.

Mr. Jno. S. Michaux, Mr. G. A. Rankin and Mr. Will McAdoo supported the company exceedingly well.

Mr. John Gilmer was a most interesting figure. He has in him the elements that constitute the fine comedian, and with proper training would make a reputation in the theatrical world.

The audience was highly pleased with "The Diplomats," and the next performance of the Greensboro Dramatic Club will be eagerly watched for.

Invalids from the Philippines.

By Wire to THE TELEGRAM.

San Francisco, August 2—The hospital ship Relief arrived today bringing three hundred and fifty invalids representing nearly every regiment now in the field as well as the Nevada, Utah and Pennsylvania volunteers, now returned.

WEDNESDAY, AUGUST 2, 1899.

THE SECOND DAY.

Greensboro today is a lively city. Pulsating with the pleasantest excitement, the happy and expectant throng is gathered within our gates participating in our joyous festivities and partaking of our unrestrained hospitality. Everybody is happy and the city, attired in pleasing harmony with the brilliant uniforms of visiting firemen and the beautiful costumes of the ever present and indispensable summer girls, presents an effect that is indeed very beautiful.

Today we overheard a Wilmington gentleman praising in unmeasured terms Greensboro's excellent reception to her guests. He complimented highly the industrial exhibits at the warehouse, and especially the art exhibit, ending with the emphatic and enthusiastic statement that he wished the next annual firemen's meeting could be held here also.

The Gate City is indeed spreading out her hospitalities to the visitors with a most lavish hand and it is the earnest desire of all our people that each and every guest may return to his home enamored of our city and its excellent people, and that our Gala Week may long be a synonym of keenest enjoyment.

Again the Telegram says welcome to Greensboro!

The abundant rains throughout Piedmont North Carolina during the past few days have been such a salvation, aye such a God-send to the farmers as cannot in any degree be estimated. Crops that languished nigh unto destruction in the scorching sun, bringing hopelessness to their owners, are revived and refreshed by the cooling showers and the pleased farmer attends Gala Week in the happy anticipation of an abundant harvest.

PROF. J. A. HOLMES.

The following is from the Charlotte Observer:

The Southern Farm Magazine, of Baltimore, has an excellent cut and an appreciative sketch of Prof. J. A. Holmes, state geologist of North Carolina. He is a native of South Carolina, a graduate of Cornell, has occupied the chair of geology and natural history in the University of North Carolina, and in 1891 was elected state geologist. It is truly said of him: "Early in his professional career he threw himself into the industrial development of North Carolina, and has for fifteen years been identified with, directly and indirectly, every practical movement in that state and adjacent states tending to the utilization of their natural resources." Professor Holmes is entitled to greater plaudit than belongs to him who makes two blades of grass grow where one grew before. He has done much—very much—for North Carolina, and his works are of a kind which will live after him.

Prof. J. A. Holmes, state geologist, is certainly doing a great and noble work for North Carolina. There is perhaps no other citizen who has worked so patiently and so practically to the advantage of the state as he is working. North Carolina has resources amazing in their richness and inexhaustibleness, and to Professor Holmes we are doubtless indebted more than to any other man within the borders of our state for tireless labors in bringing them to the notice of capital.

Admiral Dewey says our next war will be with Germany. Will Dewey now go the way of Coghlan?

EXIT ALGER.

The stepping down and out of Secretary Alger will, we forlornly hope, mark a speedy and radical change in the general conduct of our affairs of war. He has been a most corrupt and a notoriously incompetent official, but with all his faults we believe him an abler general than Otis. If the commander of the Americans in the Philippines could be induced to take a long vacation at home for his health, we feel sure that eastern affairs would take on a brighter hue, for since "the deed" is to be done, 'twere better it were done quickly and effectually.

Marriage is said to be an equal partnership. But the kind of a one-sided partnership it really is, cannot be better expressed than in that old saying, "A wife should double her husband's joys and halve his sorrows." That's what is expected of a wife, and the wonder of the world is that she comes so closely to expectation. For as a rule from the time of marriage onward, her body is daily drained of strength and her mind daily burdened by cares. She lies on the couch, her back aching, from female trouble, and gets up and puts on a smiling face to meet her husband.

Marriage can only be an equal partnership when the drains and strains of married life of the woman can be replaced by the perfect health of the delicate womanly organs. No woman need suffer with inflammation, ulceration, debilitating drains or female trouble. There's an absolute cure for all these in Doctor Pierce's Favorite Prescription. It makes life a pleasure, does away with morning sickness, and makes the baby's advent easy and almost painless.

"I had been a sufferer from uterine trouble for about three years, having two miscarriages in that time, and the doctors said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, Luzerne Co., Pa., Box 41. "When about to give up in despair I saw the advertisement of Dr. Pierce's medicine and thought I would give it a trial as a last resort. I bought a bottle of Dr. Pierce's Favorite Prescription, and after taking it felt better than I had for years. After taking four and one-half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness."

"Favorite Prescription" contains no alcohol, whisky or other intoxicant. Nothing else is "just as good." Refuse all substitutes. If you go for Dr. Pierce's, get Dr. Pierce's.

They do not even believe it will spread to the town of Hampton, Norfolk or Newport News. The bureau is taking every precaution to prevent the spread of the disease, however, believing that an ounce of preventive is worth a pound of cure. Dr. Wyman, the director of the marine hospital, is receiving dispatches continually from Hampton, thereby keeping in full touch with the situation.

Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

MRS. T. W. LEE,
Montgomery, Ala.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

S.S.S. For The Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral.

WINE OF CARDUI

How a Woman Suffers.

HOWELL, IND., Nov. 26.
I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.
Mrs. MINNIE STODGHILL.

McELREE'S Wine of Cardui

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhœa. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

She, accompanied by another lady, were returning from Winston and while changing cars here her purse, containing a sum of money and two or three trunk checks, was stolen from her hands.

There are several of these "gentlemen" in the city and it would be wise for those having sums of money on their person to be on the lookout.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

Wheat is rotting in the fields in Minnesota for lack of harvest hands.

Mr. A. Saunders, writing from Cocoanut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

A girl necessarily must have a pretty good cheek to claim that her face is her fortune.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure—it relieved at once and cured her in a few days."—B. L. Nance, Prin. High School, Bluffdale, Texas. Howard Gardner.

Slobbs—"Talk is cheap, old chap." Blobbs—"Ah! that's probably why my wife has so much of it; she picks up all the bargains."

Beats The Klonkike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

"Now, purfessor;" said the fresh pupil to his instructor in the manly art of self-defense, "I'm a-goin' to lick youse." "Aw, g'on!" returned the "purfessor;" "youse ain't in my class." And though the young man really was, the "purfessor" speedily demonstrated to him that he wasn't.

Irritating stings, bites, scratches, wounds and cuts soothed and healed by DeWitt's Witch Hazel Salve—a sure and safe application for tortured flesh. Beware of counterfeits. Howard Gardner.

Baldness Can be Cured

just so long as there is a particle of vitality left in the hair roots. The fact that the head is smooth and shining is no positive proof that the roots beneath are dead.

Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agents.

Seven Sutherland Sisters'

preparations furnish the easiest, surest and quickest way to ascertain if there is or is not latent life beneath a head bare of hair. Why not try them?

New Methods in Advertising.

Railway companies are adopting new and unique methods of advertising, as is demonstrated by the publication in the Four Track Series of the New York Central Road, of what is now becoming widely known and somewhat famous, "A message to Garcia," by Elbert Hubbard, of the Phillistine Magazine, which itself is a peculiar and interesting publication as relating to magazines of the present day.

This article is attracting widespread attention, and has been answered by a writer in "The Mirror," published at St. Louis, under date of June 15, 1899, entitled "A Message to Hubbard," which gives the other side of the American employe.

The Southern Railway, the leading Southern system, spreading from Washington to the Mississippi River, and gridironing the South, and the only line to "The Land of the Sky" section of western North Carolina, has also issued a publication out of the ordinary, in the shape of an attractive booklet entitled "A Night on Mount Mitchell," by Henry Litchfield West, one of the leading editorial and political writers of the Washington Post, a paper widely and favorably known for the ability displayed in its editorial and political columns. This story is a description of an ascension to the very top of Mount Mitchell, which is the highest mountain peak east of the Rocky Mountains, and 400 feet higher than Mount Washington, upon which has been erected a monument to Professor Mitchell, after whom the mountain was named.

The story is replete with interest and thrilling in detailing a trip which may be taken by any traveler for health or pleasure, and reminds one of Talmage's description of Lookout Mountain, when he stood upon its heights and delivered the following oration, which is reproduced for its graphic description of a location famous in American history:

"The carriage wound its way up, up, up. Standing there on the tip-top rock, I saw five states of the Union. Scenes stupendous and overwhelming. One almost is disposed to take off his hat in the presence of what seems to be the grandest prospect on this continent. There is Missionary Ridge, the beach against which the red billows of Federal and Confederate courage surged and broke. There are the blue mountains of North and South Carolina. With strain of vision there is Kentucky, there is Virginia. At our feet, Chattanooga and Chickamauga, the pronunciation of which proper names will thrill ages to come with thoughts of valor and desperation and agony. Looking each way, and any way, from the top of that mountain, earthworks, earthworks—the beautiful Tennessee winding through the valley, curling and coiling around, making letter S after letter S, as if that letter stood for shame that brothers should have gone to massacre with each other while God and nations looked on. I have stood on Mount Washington, and on the Sierra Nevadas, and on the Alps, but I never saw so far as from the top of Lookout Mountain."

Copies of this booklet and other interesting publications on "The Land of the Sky" section and "Lookout Mountain" may be obtained from Mr. W. A. Turk, General Passenger Agent Southern Railway, Washington, D. C.

For the Firemen's Tournament was published in the papers with one exception, and that was, instead of stopping at the court house, they ought to have added: From there everybody will go to the Greensboro Pressing Club and have their suit or uniform neatly cleaned and pressed.

BRIEF LOCAL MATTERS.

Editor King, of the Durham Herald, is in the city today.

Mrs. J. J. Farriss and W. L. Stamey, of High Point, are in the city.

"Captain Dick" at the Academy tonight. Benefit of the Centenary M. E. Church.

If you want to meet your friends tonight come to "Captain Dick" at the Academy.

If you want to see "Captain Dick" tonight come to the Academy. You will get a seat.

Greensboro was honored today by a visit from Mayor Cook, of Fayetteville, that good old town on the Cape Fear.

Representatives of more than twenty different "Captain Dick" casts will be in the audience to witness the performance of that play tonight.

Misses Sankie and Myrtle Gilbert, of Siler City, came up yesterday to attend the tournament. They are stopping with Mrs. R. M. Phillips.

Sunday hours will be observed at the pos office tomorrow. This is by special arrangement made by Postmaster Glenn in order to give the carriers and clerks a holiday during the tournament.

Miss Porter Hurt.

Miss Ruth Porter, who was riding with the Bachelor Girls in the Record's "Cleopatra" float this morning, was slightly injured before the float left Summit avenue, where the parade started, and had to abandon her ride. The unfortunate injury was caused by a wooden eagle, which was arranged on the top of the float, falling upon Miss Porter's head. A painful gash was cut and the wound bled freely.

This is a singular coincidence. Miss Porter's brother, Clark Porter, is now confined to his bed with a mangled leg, which was broken in an accident which occurred while he was practicing with the Hook & Ladder company, for the present tournament.

It is thought that Miss Porter will soon be all right.

Leslie Allen Reported Killed.

A telegram received here today stated that the dead body of Leslie Allen, of this city, had been found under a railroad bridge between Thomasville and Concord, on the Southern. This is all the information obtainable. Leslie Allen is the son of R. J. Allen, of this city. He is about twenty years old, and of a roving disposition. He has frequently made trips on the Southern, beating his way on a fast mail or freight train. It is probable that he was on one of these trips when he lost his life.

A new line of ladies Goodyear Welt shoes has just been opened at Thacker & Brockmann's,—"made just like mens shoes," and especially recommended for wearing qualities and comfort, as well as style and finish.

Hon. Thos. Settle Hurt.

While out riding yesterday afternoon Hon. Thomas Settle was thrown from his trap and quite badly bruised in several places on his body. The accident occurred on Gorrell street, where the tongue of the trap broke and frightened the horses. The driver was unable to control them and the spirited animals broke away and ran up Davie street at a lively rate. They were caught near Vanstory's livery stables.

Mr. Settle was not seriously hurt, though his bruises will pain him for several days.

The trap was badly damaged.

All weak places in your system effectually closed against disease by DeWitt's Little Early Risers. They cleanse the bowels, promptly cure chronic constipation, regulate the liver, and fill you with new life and vigor. Small, pleasant, sure; never gripe. Howard Gardner.

The female cheropodist might properly be styled "the divinity which shapes our ends."

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel camplaint and the only one that never fails. It is pleasant, safe and seliable.

Sweaters are not in much demand these days.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion" — James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

Augusta J. Schechter, 228 Madison avenue, New York, yesterday dislocated her jaw by yawning.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Don't be going around town gala week with a shabby, disreputable looking pair of shoes on your feet, when you can get a pair of $3.00 or $3.50 black or tan vici kids for $2.50 at Thacker & Brockmann's. Drop in and see these and other special values in men's footwear offered by Thacker & Brockmann this week.

To Our Customers.

It being gala week and we wanting to see the races, etc., our store will be closed from 2 p. m. to 4 p. m., Wednesday, Thursday and Friday.
